Program Overview, Objectives, and Priorities

Overview

The Fiscal Year (FY) 2019 Emergency Management Performance Grant Program (EMPG program) represents one part of a comprehensive set of measures authorized by Congress and implemented by the Administration to prepare the Nation for all hazards. Among the five basic homeland security missions noted in the DHS Quadrennial Homeland Security Review, the EMPG program supports the goal to Strengthen National Preparedness and Resilience.

The [2018-2022 FEMA Strategic Plan](#) creates a shared vision for the field of emergency management and sets an ambitious, yet achievable, path forward to unify and further professionalize emergency management across the country. The Emergency Management Performance Grant Program supports the goal of readying the Nation for catastrophic disasters. We invite all of our stakeholders and partners to also adopt these priorities and join us in building a stronger Agency and a more prepared and resilient Nation.

Objectives

The purpose of the EMPG program is to provide Federal funds to states to assist state, local, territorial, and tribal governments in preparing for all hazards, as authorized by Section 662 of the *Post-Katrina Emergency Management Reform Act*, as amended (6 U.S.C. § 762) and the *Robert T. Stafford Disaster Relief and Emergency Assistance Act*, as amended (42 U.S.C. §§ 5121 *et seq.*). Title VI of the *Stafford Act* authorizes DHS/FEMA to make grants for the purpose of providing a system of emergency preparedness for the protection of life and property in the United States from all hazards and to vest responsibility for emergency preparedness jointly in the Federal Government, states, and their political subdivisions. The Federal Government, through the EMPG program, provides direction, coordination, and guidance, and provides necessary assistance, as authorized in this title, to support a comprehensive all-hazards emergency preparedness system. The FY 2019 EMPG program will provide Federal funds to assist state, local, tribal, and territorial emergency management agencies to obtain the resources required to support implementation of the National Preparedness System and the [National Preparedness Goal](#) (the Goal) of a secure and resilient Nation.

Performance Metrics

Performance metrics for this program are:

- Percent improvement in Stakeholder Preparedness Review (SPR) capabilities against Threat and Hazard Identification and Risk Assessment (THIRA) targets
- Percent of states and territories with a THIRA and SPR that meet current DHS/FEMA guidance
- Percentage of recipients that develop Distribution Management plans approved by FEMA

Priorities

The [National Preparedness System](#) is the instrument the Nation employs to build, sustain, and implement core capabilities to achieve the [Goal](#) of a secure and resilient Nation. Complex and far-reaching threats and hazards require a collaborative and a whole community approach to national preparedness that engages individuals, families, communities, private and nonprofit sectors, faith-based organizations, and all levels of government. The guidance, programs, processes, and systems that support each component of the National Preparedness System allow for the integration of preparedness efforts that build, sustain, and deliver core capabilities by achieving the desired outcomes identified in the Goal.

DHS/FEMA encourages EMPG recipients and subrecipients to prioritize grant funding toward investments that address capability targets and gaps identified through the annual THIRA and SPR process. Recipients and subrecipients should use grant funds to increase capability for high-priority core capabilities with low capability levels, validate capability levels, and maintain and/or sustain current capabilities. Additional information, including guidelines for completing the THIRA and SPR, can be found at <https://www.fema.gov/threat-and-hazard-identification-and-risk-assessment> and <http://www.fema.gov/stakeholder-preparedness-review>.

DHS/FEMA annually publishes the annual National Preparedness Report (NPR) to evaluate progress in building, sustaining, and delivering the core capabilities outlined in the Goal. This analysis provides a national perspective on critical preparedness trends for whole community partners to use to inform program priorities, allocate resources, and communicate with stakeholders about issues of shared concern. The NPR can be found at <http://www.fema.gov/national-preparedness-report>.

In developing applications for the FY 2019 EMPG program, recipients should consider funding projects that address areas for improvement as they relate to emergency management capabilities, including:

- Logistics – Distribution Management Planning;
- Evacuation Plan/Annex;
- Disaster Financial Management;
- Catastrophic Disaster Housing; and
- Resilient Communications.

In addition, EMPG recipients should consider funding projects that fall into the following national priority areas:

- Emerging Threats, including Cybersecurity
- Lifelines (more information found in this [fact sheet](#) and [toolkit](#))
 - Safety and Security
 - Food, Water, Sheltering

- Health and Medical
- Energy
- Communications
- Transportation
- Hazardous Material

Minimum funding amounts are not prescribed by DHS/FEMA for these priorities. However, recipients are expected to support state, local, regional, tribal, territorial, and national efforts to achieve the desired outcomes for these priorities. In FY 2019, EMPG recipients are required to develop and maintain a Distribution Management Plan as an annex to their Emergency Operations Plan (EOP). Grant funds should clearly support resources the recipients need to achieve THIRA targets and close capability gaps and address sustainment needs identified in the SPR.

The table below provides a breakdown of these priority areas for the FY 2019 EMPG, showing both the core capabilities impacted as well as examples of potentially eligible project types for each area. A detailed description of allowable investments for each project type is included in the EMPG program appendix to the [Preparedness Grants Manual](#).

FY 2019 EMPG Allocations

EMPG awards are based on section 662 of the *Post-Katrina Emergency Management Reform Act of 2006*, as amended, (6 U.S.C. § 762). All 50 states, the District of Columbia, and Puerto Rico receive a base amount of 0.75 percent of the total available funding appropriated for the EMPG program. Four territories (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands) receive a base amount of 0.25 percent of the total available funding appropriated for the EMPG program. The remaining balance of the funds appropriated for the EMPG funds are distributed on a population-share basis. Pursuant to Article X of the Federal Programs and Services Agreement of the *Compact of Free Association Act* (Pub. L. No. 108-188), a set amount of funds (\$100,000 total) are also available from the Disaster Relief Fund for the Federated States of Micronesia and for the Republic of the Marshall Islands.

C. Eligibility Information

Eligible Applicants

State or territorial governments (the State Administrative Agency (SAA) or the State’s Emergency Management Agency (EMA)).

Eligibility Criteria

All 56 states and territories, as well as the Republic of the Marshall Islands and the Federated States of Micronesia (collectively “state or territory”), are eligible to apply for FY 2019 EMPG funds. Either the SAA or the EMA is eligible to apply directly to FEMA for EMPG funds on behalf of each state or territory. However, only one application will be accepted from each state or territory.

Other Eligibility Criteria

Emergency Management Assistance Compact (EMAC) Membership

In support of the Goal, EMPG recipients must belong to, be located in, or act as an EMAC temporary member state, except for American Samoa, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Commonwealth of the Northern Mariana Islands, which are not currently subject to these requirements. All assets supported in part or entirely with FY 2019 EMPG funding must, where applicable, be readily deployable to support emergency or disaster operations per existing EMAC agreements.

National Incident Management System (NIMS)

Prior to allocation of any Federal preparedness awards in FY 2019, recipients must ensure and maintain adoption and implementation of the National Incident Management System (NIMS). Please see the [Preparedness Grants Manual](#) for more information on NIMS.

Cost-Share or Match

The FY 2019 EMPG program has a cost-share requirement. The recipient contribution can be cash (hard match) or third-party in-kind (soft match). Eligible EMPG program applicants shall agree to make available non-Federal funds to carry out an EMPG award in amount not less than 50 percent of the total project cost. In other words, the Federal share applied toward the EMPG budget shall not exceed 50 percent of the total budget as submitted in the application and approved in the award. If the total project ends up costing more, the recipient is responsible for any additional costs; if the total project ends up costing less, the recipient may owe FEMA an amount required to ensure that the federal cost share is not in excess of 50 percent. A state must at least equally match (cash or third party in-kind) the Federal contribution pursuant to sections 611(j) and 613(a) of the *Robert T. Stafford Disaster Relief and Emergency Assistance Act* (Pub. L. No. 93-288), as amended, (42 U.S.C. §§ 5121 *et seq.*). Unless otherwise authorized by law, Federal funds cannot be matched with other

Federal funds. The recipient's contribution should be specifically identified. These non-Federal contributions have the same eligibility requirements as the Federal share.

DHS/FEMA administers cost-matching requirements in accordance with 2 C.F.R. § 200.306. To meet matching requirements, the recipient contributions must be verifiable, reasonable, allowable, allocable, necessary under the grant program, and in compliance with all applicable Federal requirements and regulations.

For example, if the Federal award were at a 50 percent cost share and the total approved budget cost was \$100,000, then:

Federal share is 50 percent of \$100,000 = \$50,000

Recipient share is 50 percent of \$100,000 = \$50,000

However, with this example, if the total cost ended up being \$120,000, the Federal share would remain at 50 percent of the total approved budget at the time of application of \$100,000. If the total cost ended up being \$80,000, then the 50 percent Federal share would decrease to \$40,000, and the recipient cost share would be \$40,000.

In accordance with 48 U.S.C. § 1469a, cost-match requirements are waived for the insular areas of the U.S. territories of American Samoa, Guam, the U.S. Virgin Islands, the Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, and the Republic of the Marshall Islands.

To request pre-award costs, a written request must be included with the application and be signed by the Authorized Representative of the applicant. The request letter must outline what the pre-award costs are for, including a detailed budget break-out of pre-award costs from the post-award costs and a justification for approval.

Funding may be used to sustain programs that help achieve core capabilities that, while they may not be physically deployable, support national response capabilities, such as Geographic/Geospatial Information Systems (GIS), interoperable communications systems, capabilities as defined under the Response Mission Area of the Goal, and fusion centers.

For additional details on the use of funds for maintenance and sustainment costs, please refer to the [Preparedness Grants Manual](#).

Management and Administration (M&A) Costs

M&A costs are allowed for both state or territory and local-level EMAs. A state EMA may use up to 5 percent of the EMPG award for M&A purposes. In addition, local EMAs may retain and use up to 5 percent of the amount they receive from the state for local M&A purposes. If the SAA is not the state or territory-level EMA, the SAA is not eligible to retain funds for M&A.

M&A costs and activities are not operational costs; they are those costs and activities incurred in direct support of the grant or as a consequence of the grant and should be allocated across the entire lifecycle of the grant. They are directly related to managing and administering the award, such as financial management and monitoring. It should be noted that salaries of state and local emergency managers are not typically categorized as M&A costs unless the state or local EMA chooses to assign personnel to specific M&A activities.

Indirect (Facilities & Administrative [F&A]) Costs

Indirect costs are allowable under this program, as described in 2 C.F.R. § 200.414. With the exception of recipients who have never received a negotiated indirect cost rate as described in 2 C.F.R. § 200.414(f), recipients must have an approved indirect cost rate agreement with their cognizant Federal agency to charge indirect costs to this award. A copy of the approved rate (that is, a fully executed, agreement negotiated with the applicant's cognizant Federal agency) is required at the time of application and must be provided to FEMA before indirect costs are charged to the award.

EMPG Work Plan Instructions

All EMPG applicants are encouraged to use the templates provided in the [Preparedness Grants Manual](#) to submit a required Work Plan that outlines the state's emergency management sustainment and enhancement efforts, including new and ongoing activities and projects, proposed for the EMPG period of performance. The Work Plan consists of a Program and Budget Narrative, Personnel Data Table, Training Data Table, Exercise Data Table, and Grant Activities Outline. This document is also located in the Related Documents tab of the [Grants.gov](#) EMPG posting.

E. Application Review Information

Application Evaluation Criteria

Please see the [Preparedness Grants Manual](#) for information on Application Evaluation Criteria.

Financial Integrity Criteria

Prior to making a Federal award, DHS/FEMA is required by 31 U.S.C. § 3321 note, 41 U.S.C. § 2313, and 2 C.F.R. § 200.205 to review information available through any OMB-designated repositories of government-wide eligibility qualification or financial integrity information.

Therefore, application evaluation criteria may include the following risk based considerations of the applicant:

1. Financial Stability;
2. Quality of management systems and ability to meet management standards;
3. History of performance in managing federal award;
4. Reports and findings from audits; and
5. Ability to effectively implement statutory, regulatory, or other requirements.

Supplemental Financial Integrity Review

If the anticipated federal share of a federal award will be greater than the simplified acquisition threshold, currently \$250,000 (*see* Section 805 of the National Defense Authorization Act for Fiscal year 2008, Pub. L. No. 115-91, OMB Memorandum M-18-18 at <https://www.whitehouse.gov/wp-content/uploads/2018/06/M-18-18.pdf>):

- i. Prior to making a federal award with a total amount of federal share greater than the simplified acquisition threshold, DHS/FEMA is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS).

- ii. An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through SAM.
- iii. DHS/FEMA will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 2 C.F.R. § 200.205 federal awarding agency review of risk posed by applicants.

Review and Selection Process

Initial Review

DHS/FEMA's Regional EMPG Managers conduct all pre-award reviews for EMPG grants. All EMPG Work Plans will require final approval by the appropriate FEMA regional office.

Funds for recipients who have not submitted their EMPG Work Plan as part of their application will not be released until such Work Plan is received, reviewed, and approved by DHS/FEMA. Recipients will be notified by their FEMA Regional Program Manager should any component of the EMPG application require additional information.

Overall Review

FEMA regions are responsible for reviewing submitted applications. Each FEMA Regional EMPG Manager reviews the FY 2019 EMPG Work Plans for their states or territories to assess the proposed EMPG investments against recognized emergency preparedness needs, including support for maintenance and sustainment of core capabilities and progress made toward implementing the National Preparedness System.

Obligation or Transfer to State EMA and Pass-Through Funding

Each state or territory shall obligate 100 percent of its total EMPG allocation to the designated state-level EMA. If the SAA is also the EMA, this requirement is automatically met. If the SAA is a separate agency or has a separate budget process, then all EMPG funds must be obligated to the EMA within 15 days of the grant award date.

In instances where the state EMA is making sub-awards to local jurisdictions, DHS/FEMA expects the state EMA to make these awards as expeditiously as possible.
