Alaska: Ready Together
Preparing for Emergencies & Disasters

Preparing a Pet Emergency Plan

Step for Preparedness

- Prepare** - Build a pet emergency supply kit
- Plan** - How to take care of your pets in an emergency
- Stay Informed** - Know about types of emergencies in your community and how to stay informed of changing conditions.

Building Your Pet Emergency Supply Kits

Pet Emergency Checklist

- Always have a collar with ID, license, and shot records
- Store current shot and health records in a waterproof container, such as a freezer bag
- Food and water bowls with enough food and water for seven days. Remember: keep the food and water in a watertight container
- Plastic bags to dispose of pet droppings and other waste
- Current photo of your pet
- Microchipping information

Pet Emergency Checklist

- Leash
- Toys
- Medications
- First Aid kit
- Grooming supplies
- Paper towels/wet wipes
- Cat litter and litter box
- Pet carrier with plenty of bedding
- Manual can opener for canned food
